

Letter of Recommendation

To Whom It May Concern,

I am writing to offer my highest recommendation for Aryasomayajula Ram Bharadwaj, who is applying for a PhD program. My name is MV Nageswara Rao, and I am the Associate Dean Academics and a Professor in the Electronics and Communications Engineering department at GMR Institute of Technology (GMRIT). I have known Ram from 2015 to 2019, during which he was an exceptional student and an invaluable contributor to projects under my supervision.

Ram worked on his final year major project under my guidance, and throughout this period, he demonstrated a remarkable inclination for research and an unparalleled attention to detail. His final year project on Telugu text recognition using Convolutional Neural Networks (CNNs) was a testament to his strong interest in deep learning. Ram's implementation skills are exceptional; he was responsible for the majority of the coding for the project and brought a high level of rigor to the project.

Beyond his technical capabilities, Ram also took on leadership roles within our department. As the ISTE Coordinator, he played a significant role in organizing events and facilitating knowledge sharing among students, showcasing his ability to lead and inspire his peers. His dedication to both his studies and these activities highlights his well-rounded character and commitment to excellence.

Ram's curiosity and strong research aptitude make him an ideal candidate for advanced study. He possesses the critical thinking skills and the perseverance necessary for rigorous research.

I wholeheartedly recommend Ram for the PhD program. I am confident that his strong foundation in deep learning, his approach to research, and his exceptional implementation skills will make him a valuable asset to your institution. I believe that Ram has the potential to make significant contributions to the field of study and to your program.

Thank you for considering Ram's application. Should you require any further information, please feel free to contact me.

Sincerely,

Dr.M.V.Nageswara Rao
Associate Dean Academics, Professor in ECE
GMR Institute of Technology
